1. The following is an examiner's statement of reasons for allowance:

Applicants' arguments, filed on 11/06/2003 with respect to claims 9-12 and 23, have been fully considered and are persuasive for the following reasons:

I. Kandasamy reference teaches a method of supporting multiple names in a single computer, this method of providing this support in Kandasamy differs from the method as recited in claim 9. Kandasamy does not teach or suggest the features of adding a first server name to the first set of server names, adding a second server name to the second set of server names, or adding the second server name to the first set of server names.

II. Chrabaszcz reference is merely concerned with rerouting communications to a backup server if the primary server experiences a failure, while Kandasamy reference is concerned with having a single computer support any number of unique computer names so that the computer can take over all the functions of a failed computer in the network. Therefore, Kandasamy cannot be properly modified using the teachings of Chrabaszcz to form the claimed invention.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dustin Nguyen whose telephone number is (703) 305-5321. The examiner can normally be reached on Monday – Friday (8:00 – 5:00).
